At La Salle, we put people first, and our scholarship programme makes it possible for young talented people to study with us, regardless of their financial situation or their family, geographical or cultural background.

Our objective is to provide access to our programmes to all candidates who have the right pre-requisites and who get through the admission process. We will treat each application individually in an effort to ensure that as many students as possible receive the financial aid they require to enroll on our programmes.

The deadline for requesting the scholarship is 31 July, 2019.
